In the Spring, Colon Schools was made aware of multiple bus incidents involving a high school special education student and elementary students. Upon viewing the bus video the high school student was suspended from the bus for the rest of the year. A letter went home to all students that ride the bus explaining the situation. A police report was filed and the district cooperated with the police, turning over all documents and video. The teenager was subsequently suspended from school indefinitely in regards to another incident in the school. The student has since withdrawn from the Colon Community School District.

The district was first informed that criminal charges had been filed against the teenager on August 1 when reported on Channel 3.

Colon Schools and Dean Transportation have reviewed all bus protocols and implemented retraining for all transportation staff.

I apologize for any inaccuracies in the August 3 letter posted on the district website.
